ESTATE SAUVIGNON BLANC DCV3

*Dry Creek Valley*

**“Consistently one of the best Sauvignon Blancs in California,”** “DCV-3” comes from the original vineyard planted to this variety when the winery was founded back in the early 1970s. Very true to the grape, it tastes vibrant, with the sort of zesty acidity rarely found in California renditions, and bright lemon and grapefruit flavors, enhanced by just a hint of herbaceousness in the finish. Why more Golden State producers don’t try to make wines like this remains perplexing. Thankfully, though, Dry Creek Vineyard not only tries but succeeds.”
